VEGTAN G

MODIFIED VEGETABLE EXTRACT

PROPERTIES:

VEGTAN G is a light brown powder, easily soluble in water. It penetrates into hides quickly, evenly binding with the hide fibres, confers high elasticity and flexibility to the tanned leather. It is excellent for mixing with all other types of vegetable extracts.

ANALYTICAL VALUES

| | |
|-----------------|------------|
| Dry substance % | 94 minimum |
| pH (to 6,9°Bé) | 3,0 - 5,0 |

APPLICATION AND ADVANTAGES OF USING IT:

Leathers tanned or retanned with VEGTAN G are characterised by a good fullness and roundness. VEGTAN G is suitable for the tannage and the retannage of leather goods articles giving a fine and silky grain. The penetration of VEGTAN G is excellent. Leathers fully tanned with VEGTAN G are characterized by a very light-pale rose colour.

INDICATION OF QUANTITIES FOR SPECIFIC USES

- For the retannage of chrome leathers : 2 to 10% on the shaved weight.
- As a tanning extract for the tannage of leather goods articles: it can substitute any kind of vegetable extracts in any proportion.

PACKAGING:

25 KG paper bags
